

# ASSIGNMENT #13

## HICKORY DICKORY DOCK

### PROJECT

Using Adobe Photoshop, you will create a collage illustrating the nursery rhyme of your choice. Mimic the surrealistic style of René Magritte.

You will create your collage in one document (not a series of). A viewer should be able to look at your composition and know which nursery rhyme you are illustrating. There should be no words on your page.

To find elements to use within your composition, you can search for images via the internet.

**Save this artwork as "lastname\_rhyme.psd"**

Save your files onto your USB drive. Save a copy of finished illustration into the Drop Box.
