## **ASSIGNMENT #17**

## LETTERS OF THE WILD POSTER

**PROJECT** 

Using the principles of rhythm and balance, create a poster using your letters of the wild images. Open your images in Adobe Photoshop, crop as needed and copy/paste (or drag) them into your poster document. Use Edit > Free Transform to arrange your images.

All 26 letters need to be included within the poster. Be creative in how you arrange your images; however, be sure that they are in alphabetical order!

**SPECS** 

You can decide on the size of your poster, as well on its orientation. However, do not exceed  $12'' \times 18''$ .

WHAT TO TURN IN

digital file of poster called "lastname\_poster.psd" save into the Drop Box
