

ASSIGNMENT #9

CUTEST LITTLE VEGGIE FACE

PROJECT

Based on the portraits by Giuseppe Arcimboldo, create your own portrait (self or other) out of fruits and vegetables.

Use Adobe Photoshop to create this portrait. Find your fruits and vegetable images on www.gettyone.com or google image search. Control-click on the image and "copy" and edit>paste into Photoshop.

Use your selection tools to remove the fruit/vegetable from it's background. With the move tool copy/paste or drag the cutout into your portrait document. Edit>free transform to resize and rotate when necessary.

Save this artwork as "lastname_veggieportrait.psd"

Save the document onto your USB drive. When complete, save a copy into the Drop Box.
